

I always wanted a brother (Mufasa)

1:03-1:33

Hey, did your Mama say

You could be up this late?

Ha-ha, you're very sharp

Yes, you are (ooh, ah)

Yes, you are (eeh, ah), let's go

Hey, did your Father say

You could be out this far?

Make a wish on the brightest star, and I say

I always wanted a brother

I always wanted a brother

I always wanted a brother

Just like you

And I always wanted a brother

I always wanted a brother

I always wanted a brother

Just like you
